Importance: High

All:

Attached is a rough first draft of a plan for the Community Liaisons about to be deployed to the field this week. This is meant to be a higher level document to lay out our plan to train and task the CLs. It also covers our order of dissemination of information.

We still need to decide who will provide the initial training to the CLs once they arrive in the field.

Please comment on whatever you are comfortable with. Any input is appreciated. I need to get this finalized in the morning so comments are due by 8am. Thanks.
